

Project Overview

As of June 24, 2014

Waggoner Road Improvements, East Broad Street to Chapel Stone Road

Description and Benefits:

The city of Columbus is planning pedestrian, bicycling and other roadway improvements on Waggoner Road between East Broad Street and Chapel Stone Road. The project will promote improved traffic flow and increase safety for pedestrians and bicyclists. Current plans include:

- Resurfacing Waggoner Road between East Broad Street and Chapel Stone Road
- Widening Waggoner Road between Arbor Rose Way and Dolmen Drive in order to add a two-way, left-turn lane
- Construction of a shared-use path, with protective fencing in the ravine section, along the east side of Waggoner Road between East Broad Street and Chapel Stone Road
- Construction of a sidewalk along the west side of Waggoner Road between Chapel Stone Road and Crawford Farms Drive
- Installation a crosswalk on Waggoner Road at Crawford Farms Drive that includes a median island and pedestrian-activated crossing signal
- Building and upgrading *Americans with Disabilities Act*-compliant curb ramps

Schedule:

Design: Scheduled to start in summer 2014 and finish in spring 2015

Right-of-way acquisition: 2015

Construction: Tentatively planned for spring 2016 and subject to funding approval

Costs:

Design: \$150,000 estimated

Right-of-way acquisition: \$50,000 estimated

Construction, materials, utility relocation, inspections: \$1.6 million estimated
